

25 April 2018

Serhiy Lytovka  
Head of the Central Sanitary and  
Epidemiological Department of the  
Ministry of Defense of Ukraine

TO 4 CBEP Ukraine  
B&V Project 042467  
Letter No: 11/BV/18-007  
File Number: 042467.52.4000

Subject: Invitation for Option Year 1 UP-8 Project Development Meeting

Dear Mr. Lytovka:

I would like to take this opportunity to express my regard and respect to you and your Institution, as well as my gratitude for the ongoing collaboration.

I write to you today in preparation for a project development meeting in support of Cooperative Biological Research (CBR) project UP-8: "Prevalence of Crimean Congo hemorrhagic fever virus and hantaviruses in Ukraine and the potential requirement for differential diagnosis of suspect leptospirosis patients". Project UP-8 was initiated on 2 October 2017 and, with a 12-month period of performance, is currently in its third of four quarters. To discuss ongoing activity and determine plans for continuing this work for an additional year (Option Year 1), a project development meeting will be held at the State Institution Public Health Center of the Ministry of Health of Ukraine on 10-11 May by address: 41, Yaroslavskaya Str., Kyiv, 04071.

In this regard, we kindly invite you to attend this event. Participation in this meeting will give you an opportunity to meet with US subject Matter Experts and discuss potential collaboration with your organization.

We look forward to the opportunity to work with you.

Sincerely,

  
Lance Appencott  
Project Manager

Crime-Congo hemorrhagic fever virus (CCGG virus) and hantavirus in Ukraine and the potential need for differential diagnosis in patients with leptospirosis

---

**SHORT**

AE	Podiia is unacceptable
BTRP (PZBZ)	Biohazard Management Program (BHTP)
